		ID:	25764246
Amarender Ganji

Date	Role	Time	Details
24/2	design	1	model design
25/2	design	2	introducing new model
25/2	document	1	new model class diagram
25/2	design	2	introducing Observer
26/2	document	1	controller class diagram
26/2	design	2	data container implmentation, and few more interface changes
26/2	document	1	view class diagram, and view manager API
27/2	design	2	AddExpensePanel changes
27/2	design	1	Adaptor classes gone!
03/02/2019	design	2	date utility MyDate class
03/03/2019	design	3	DataLoader to input data from csv file
03/03/2019	design	2	utils package introduction, ExpenseContainerApi implementation, etc...
03/03/2019	document	1	view, controller CD changes
03/04/2019	design	1	Store interface, InMemoryStore implementation
03/05/2019	meeting	1	team meeting
03/06/2019	design	1	usage of contentUpdator&userActions for the view
03/07/2019	test	2	unit test, mockito
03/09/2019	test	2	unit test for CompositePurchaseTest CompositeBillTest
03/10/2019	test	2	more unit tests, and recurse find on Expense
03/11/2019	design	1	combo box to display particular Expense type
03/11/2019	design	1	add panel integration with new model
03/11/2019	design	1	remove, change payment Fixed. ExpenseList class is deprecated
15/3	design	1	implement changePaymentStatus for composite type
15/3	document	1	update SRD and use cases for increment2
16/3	design	3	Expanding/displaying Composite Expense, collapsing to follow
17/3	design	2	expand and collapsing composite expense
17/3	design	2	remove, change payment status implemented for composite
18/3	design	1	amount validation
19/3	design	1	date validation, and unit test for date validation
19/3	design	1	add, remove, change payment status seq diagrams
20/3	design	0.5	fix bug: remove a simple exp from the root composite exp
22/3	design	0.5	integrate Tony changes to create Composite Exp
22/3	design	3	creating composite exp part
22/3	design		Exp Type validation in add panel, main method in PBMMain
24/3	document	1	class diagram updates
24/3	test	1	unit test fixes
24/3	document	1	UI Class DIagram
25/3	document	0.5	UI controller class diagram updates + diary
